SECURITY FEATURES, 1PASSWORD APP

- ▶ 2-factor authentication means that you will sign in to your account, then type in a password they send to your phone through SMS
- ▶ You can get an app to protect your other passwords like 1Password

BOOKBUB, OVERDRIVE, LIBBY

- ▶ There are a lot of great book reading/purchasing/buying apps out there. These are 3 worth mentioning.
- ▶ BookBub gives you great deals, even free downloads for books
- ▶ Overdrive and Libby are by the same company, but they connect to your local library to make it easy to borrow e-books.

HEALTH APP

- ▶ This is a very useful app made by apple.
- ▶ Track different health aspects by inputting information directly, or even have a smart watch connect to it.
- ▶ Input your personal information so in case of an emergency, others can get you better help.

PODCASTS

- ▶ Listen to podcast right on your device.
- ▶ Search for a favorite channel, and either download them or play them from the cloud

UDOT TRAFFIC APP

- ▶ Great app for those traveling in Utah
- ▶ Not only shows traffic, but also shows pictures of what the traffic looks like
- ▶ You can see how much it is snowing, and whether it is worth the trip or not.
- ▶ For those of you in Arizona, try the AZ Traffic app.

PANDORA, SPOTIFY

- ▶ Check out these two awesome apps for streaming music.
- ▶ Pandora plays songs that are similar to an artist that you choose.
- ▶ Spotify will let you create a playlist with specific songs that you want to listen to.

WHITENOISE

- ▶ You may not care for this app, but this is the best \$1.99 I have ever spent on an app.
- ▶ White noise creates white noises which for me, kick out all of the distractions around me.
- ▶ I can be in a busy room, turn this noise on, put on my headphones, and I can concentrate on my homework.
